VISION OXID HYDRO PLUS

La collezione Vision Oxid Hydro Plus si distingue per gli effetti materici, pietra, cemento e graniglia qui raccolti. Un design dallo stile moderno, con prestazioni eccezionali: massimo livello di classe di resistenza all'abrasione AC6, tecnologia Hydro Plus che lo protegge dai ristagni d'acqua per 24 ore, e incastro tecnologico TLS.PF per una posa rapida e una tenuta stabile e precisa.

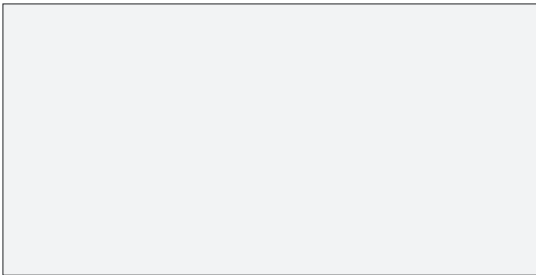

The Vision Oxid Hydro Plus collection is distinguished by the textural effects, stone, concrete, and grit collected here. A modern styled design with outstanding performance: highest level of abrasion resistance class AC6, Hydro Plus technology that protects it from water stagnation for 24 hours, and TLS.PF technological interlocking for fast installation and stable and precise sealing.

Dimensioni / Size:

1183 x 396 x 8 mm MATT

1184 x 601 x 8 mm AUTHENTIC

Caratteristiche Tecniche / Technical Features:

Incastro joint		TLS.PF
Bisello bevel		SINCRO BISELLO STAMPATO SUI 4 LATI SYNCRO BEVEL PRINTED ON THE 4 SIDES
Reazione al Fuoco * Fire reaction *		Bfl-s1
Idoneo ad ambienti umidi Suitable For wet Environments		
Domestico Residential		23
Commerciale Commercial		33
Resistenza all'abrasione Abrasion resistance
